

Performance

Technical Information

Features

Absorption Range: 350 Hz to 5000 Hz

Acoustic Class: B | (aw) = 0,85

Available fire rate:

FG | Furniture Grade

(FG) Materials:

- Fire retardant acoustic fabric
- Marine grade plywood structural frame
- Calibrated cell acoustic foam

Equipped with fourteen M6 Screw Thread receiver

Dimensions:

FG - PF | 595x1190x39mm | 2.08 Kg

Venice custom print is the go-to solution for quality high resolution acoustic artwork. Any design can be printed on to the panel, be it your favourite movie poster, artwork, a family photo or even your company Logo. The printing is carried out directly onto the fabric using water based pigments. The fabric undergoes a special heat conditioning process to ensure long-lasting vibrance and UV protection. No additional chemicals are used in the preparation or printing of the fabrics - A truly eco-friendly method. Venice is equipped with a 100% recycled acoustic core and can easily be mounted on any surface.
